

dile-spinner-icon

This is a web component that displays a spinning loader-circle icon from the Lucide Icons library. It's useful for indicating that content is being loaded or processed in the background.

Installation

```
npm i @dile/ui
```

Usage

Import the component.

```
import '@dile/ui/components/spinner/spinner-icon.js';
```

Use the component.

```
<dile-spinner-icon active></dile-spinner-icon>
```

Properties

- **active**: Boolean. Defines the spinner visibility. The spinner only appears when active is true.

Styling

Custom property	Description	Default
--dile-spinner-icon-animation-time	Duration of one complete rotation	1s
--dile-icon-color	The spinner icon color	#888
--dile-icon-size	The size of the spinner icon	24px
